

گروه تولیدی دان پاک آگرین

تولید کننده خوراک دام، طیور، آبزیان، حیوانات خانگی و پرندگان زینتی

Daan Paak Agrin production group

Manufacturer of feed for all animal species

agrIn
Daan Paak

Hygien Prestarter

پری استارترهایژن

Hygienic Broiler Pre-Starter

containing growth stimulants

دان بدون آنتی بیوتیک و بهداشتی، حاوی محرک رشد

عاری از ای کلای، سالمونلا و یا هر ارگانیسم بیماری زای دیگر

با استفاده از بهترین افزودنی های USA

Safe **Feed**
Safe **Food**

No antibiotic added, free from E.Coli, Salmonella or any other pathogenic organism Ingredients and additives quality controlled in USA

HYSYS

Hygienic technology of pellet production

Hygienic Prestarter Advantages

- Expansion of digestive system
- Stimulation and completion of immune system
- Increase of feed intake
- Increase of growth rate
- FCR improvement
- Decrease of the breeding period
- Mortality decrease
- Uniformity increase
- Absolutely hygienic with high digestibility
- Without Antibiotic

Minerals	Amount/kg
Mn	70 mg
Fe	20 mg
Cu	9 mg
Zn	70 mg
I	2 mg
Se	0.3 mg
Co	0.5 mg

Vitamins	Amount/kg
A	11000IU
Cholcalciferol - D3	4000 IU
Tocopherol - E	100 IU
Menadione - k3	3IU
Thiamin - B1	5 mg
Riboflavin - B2	6 mg
Pyridoxine - B6	6 mg
Panhotenic acid - B5	14 mg
Folic acid - B9	1.7mg
Biotin - H	115µg
Niacin - B3	64mg
Choline	800 mg
B12	10µg

Amino acid calculation would be based on digestibility

- IRANIAN national standard
- Quality management standard ISO 9001-2008
- Food safety standard ISO 22000:2005-HACCP
- Laboratory quality management standard ISO17025
